## PROFESSIONAL PROFILE

---

Dynamic and used to working under pressure and in a team. Experience in customer service and great sense of responsibility. High dedication to service, able to generate added value to the organization by creating ideas and initiative to solve problems. I am an entrepreneur who likes challenges, self-taught by nature. I pay special attention to small details. I make friends easily and I never close doors to a difficulty. What I would highlight about the passion is the with which I do things.
